OPT BRIDGE 1000M Optical Isolator

~OPT BRIDGE for Network Audio **~**

■ Optical Isolator OPT BRIDGE 1000M

Product No.: MA-OPBR-XAP

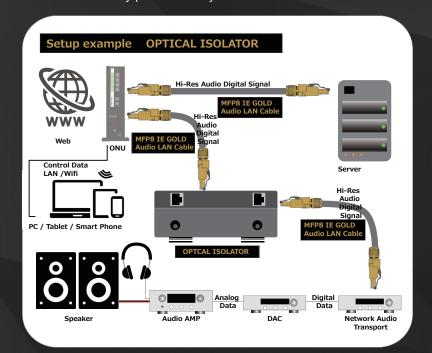

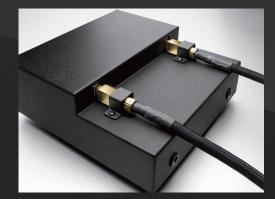

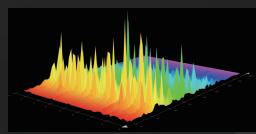

- •Product guaranteed temperature range of -20 $^{\circ}$ C $_{\sim}$ +60 $^{\circ}$ C offers advantage for the installation area with temperature restrictions.
- •Optical isolator section with delicate performance is stored in a box to enable best performance.
- •Using the two AC-DC power adapters included in the package alleviates power noise and interference while not interfering with the ethernet signal line.
- Corresponds to 10Mbps/100Mbps/1000Mbps, and is equipped with an auto-negotiation function that automatically optimizes transmission speed between this device and equipment connected to ethernet, and transmission mode (full duplex/ half duplex).
- •DIP switch set up enables fixed setting of transmission speed and mode by user.
- Product warranty period is five years.

Additional connection of Optical Isolator to audio network enables users to feel magnitude of sound quality, realistic sensation and minute changes.

Sound waveform with WaveLab by Steinberg

Optical Isolator is a product with network audio applying optical communication technology accumulated over 25 years

Achievement by Japan Telagärtner products in the optical communication field

MA-OPBR-XAP Specifications	
Standard	IEEE 802.3、IEEE 802u、IEEE 802.3ab
TP port Standard	10/100/1000BASE-T
Data forwarding method	Store-and-forward
MAC addresses	4K entries
Packet Size	Jumbo frame support
	Up to 12.2Kbytes
TP/LAN(ethernet)port	
Auto-negotiation	Enabled
Transmission rates	1000Mbps Full duplex / 100Mbps Full duplex,
Duplex support	100Mbps half duplex / 10Mbps Full duplex / 10Mbps half duplex
Connector	RJ45 Shielded RJ-45 w/h 2 LEDs (Green, Yellow)
Compliant cable	4-pair UTP/STP Cat.5 up to 100 meters
Auto MDI/MDI-X	Yes
DC IN	
Power supply	AC-DC power adapter 12V,
Operating voltage range	DC +4.75 V ~ +18 V
Power consumption for device	7 W max. @ DC 12 V (3.5W max. @12V 2pcs)
Rated Input Voltag	AC 100 ∼ 240 V
Rated input Frequency AC input only	50/60Hz
Environment	
Operating temperature range	$-20\sim60~^\circ\mathrm{C}$ (including AC-DC power adapter)
Operating humidity	$5\sim95~{ m KH}$ (Without Condensation)
Storage Humidity	$-40\sim85^{\circ}\mathrm{C}$ (including AC-DC power adapter)
